FEW BEAUTIFUL AGES

Thrown In Game of Politics by Both Parties.

BRIEF STORY OF BALLOTS.

Roosevelt Pulls Through In New York by Aid of Rural Vote.

LENTZ WINS IN TWELFTH OHIO.

Full Account of the Election Results Up to Date In Kentucky, West Virginia, Indiana and Other Voting States of the Union.

New York, Nov. 9.—The indications are that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000.

The total Republican vote when received will probably show a falling off, as compared with that for Governor Black in 1896, of about 14 per cent. In the municipality of New York the old time Democratic majority was approximately, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. The returns from many counties up the state are incomplete and in some cases are missing altogether. The indications being computations upon the figures at hand, point to a Republican plurality in the counties above the Harlem of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased. The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have made some gains in New York city districts.

Congress: Twenty-third district, Lewis W. Emerson (Rep.), elected.

Chairman Odell of the Republican state committee said: "We still claim the state by between 35,000 and 40,000 plurality for Roosevelt. The country districts came up nobly. The Democratic pluralities in Greater New York were larger than we anticipated. The result in the country districts was due to the active and energetic work of the Republican leaders. We have both branches of the legislature by a safe majority. We have probably lost the congressional delegation from Greater New York. We have no figures on which to base an estimate of the congressmen in the state. I think all the Republican ticket is elected below the governorship, but we have as yet no complete returns."

Congress: Twenty-first district, John K. Steward (Rep.), elected.

ALABAMA.

Birmingham, Nov. 9.—Returns up to this time indicate the election of every Democratic congressman in the state. Vote exceedingly light in all districts except the Fourth and Seventh.

ARKANSAS.

Little Rock, Nov. 9.—First congressional district, P. D. McCulloch (Dem.), elected; Second, J. S. Little (Dem.), elected; Third, Thomas C. McRae (Dem.), elected; Fourth, W. L. Terry (Dem.), elected; Sixth, S. Brundage (Dem.), elected.

COLORADO.

Denver, Nov. 9.—Congress: First district, John F. Shafroth (silver Rep.); Second, John C. Bell (Pop.), both re-elected.

CONNECTICUT.

New Haven, Nov. 9.—Connecticut elects the Republican state ticket, three Republican congressmen and probably four. Full returns from 80 towns give Lounsbury (Rep.), 4,381; Morgan (Dem.), 2,593. The same towns in 1896 gave Cooke (Rep.), 5,076; Sargent (Dem.), 1,918. The Republicans claim the state by 15,000 plurality. The legislature is Republican by a considerable majority.

GEORGIA.

Atlanta, Nov. 8.—Congress: All the Democratic candidates are elected.

ILLINOIS.

Chicago, Nov. 9.—The indications are that the Republicans have elected their entire state ticket, but the figures were coming in slowly from outside Chicago and nothing could be estimated with accuracy. The Democrats in many counties have shown gains over the vote of 1896 and they have apparently secured several congressmen in Cook county and some outside of it.

Elected to congress: Tenth district.

George W. Prince; Ninth, R. R. Hitt; Eleventh, Walter Reeves; Thirteenth, Vespasian Warner; all Republicans.

Congress: Fifteenth district, Joseph O. A. Roy (Dem.), elected.

The Democratic state central committee has given out the following statement: "We concede the state to the Republicans by 25,000. We have elected Weaver in the Sixth district by 1,000 to 1,200. There are insufficient reports in from the other districts on which to base a statement."

INDIANA.

Indianapolis, Nov. 9.—Scattering returns from precincts in Indianapolis and Marion county indicate Democrats have carried the city and county. This secured Bailey's (Dem.) election to congress over Overstreet (Rep.), the present incumbent, and also seven Democratic members of the legislature instead of seven Republicans, the present incumbents.

Eighty precincts in Indiana give Ralston (Dem.), 5,071; Hunt (Rep.), 8,019.

One hundred precincts in Indiana give Ralston (Dem.), 7,731; Hunt (Rep.), 10,024. Same in '96: Bryan, 8,644; McKinley, 11,076.

Republicans carry St. Joseph county on state ticket by about 900 majority. Republican county officers probably elected.

Chairman Martin of the Democratic committee expresses himself as confident that the Democratic state ticket is elected by about 15,000 majority, together with a majority of the legislature. The Republican chairman makes the same claim for his side.

IOWA.

Dubuque, Nov. 9.—Congress: Third district, B. H. Henderson (Rep.), elected.

KENTUCKY.

Louisville, Ky., Nov. 9.—Elected to congress: Seventh district, Evan E. Settle; Fifth, Oscar Turner; Sixth, Albert S. Berry; all Democrats.

Elected to congress: Eighth district, George G. Gilbert (Dem.).

Congress: First district, Charles K. Wheeler (Dem.); Third, John S. Rea (Dem.); Fourth, David H. Smith (Dem.); Tenth, T. Y. Fitzpatrick (Dem.); Eleventh, Vincent Boreling (Rep.).

LOUISIANA.

New Orleans, Nov. 9.—Reports received assure the election of six Democratic congressmen from Louisiana.

MARYLAND.

Baltimore, Nov. 8.—Returns from more than two-thirds of the city indicate the election of McIntyre (Rep.) in the Fourth district, and Wachter (Rep.) in the Third, the latter by a narrow margin. The election of Mudd (Rep.) in the Fifth and Baker (Rep.) in the Second seems probable, although returns from the counties may change this outlook. No returns have as yet been received from the First, where the election of Smith (Dem.) is deemed probable.

Congress: Third district, Frank C. Wachter (Rep.), elected.

MICHIGAN.

Detroit, Nov. 9.—Scattering returns and estimates from the state at 9 o'clock seem to indicate Governor Pingree's re-election by 40,000 and upwards. The governor's Republican losses seem to be offset by gains in floating and fusion votes.

Two hundred and seventeen precincts in the state give Pingree (Rep.) 30,479; Whiting 22,634. Secretary Sherman of the Republican state central committee claims Pingree will carry the state by 97,000.

MISSOURI.

St. Louis, Nov. 8.—Chairman Cook claims the election of the entire Democratic state ticket by a plurality of 35,000, the election of 13 and possibly 14 congressmen and the return of a safe majority to the legislature, insuring the re-election of United States Senator Cockrell.

MISSISSIPPI.

Memphis, Nov. 9.—Mississippi congressional results: First district, John M. Allen; Second, Thomas Spight; Third, Thomas C. Catchings; Fourth, Andrew F. Fox; Fifth, John S. Williams; Seventh, Patrick Henry; all Democrats.

NEBRASKA.

Lincoln, Neb., Nov. 9.—Scattering precinct returns indicate a political surprise in Nebraska, inasmuch as they forecast the almost certain election of Hayward (Rep.) for governor by a plurality of not less than 3,000. This will be a reversal of the verdict of 1896 by nearly 15,000. The count thus far is wholly on governor so far as the state ticket is concerned, and as it is the belief that Hayward is running slightly ahead of his ticket it would make the results on remaining state offices very close.

NEW HAMPSHIRE.

Concord, N. H., Nov. 9.—Thirty-five towns and wards in the state give Rollins (Rep.) for governor, 4,034; Stone (Dem.), 3,001. The same towns and

wards in 1896 gave Ramsdell (Rep.), 4,300; Kent (Dem.), 2,513. It is estimated that Rollins' majority in the state will exceed 10,000. The Republicans claim the election of Sulloway (Rep.) in the First district over Knowlton (Dem.) by 2,000. The result is doubtful, however. In the Second district also the early figures do not show positive results. The Republicans claim a majority of 3,500 for Clark (Rep.) over Danell (Dem.). The legislature will be Republican by a considerable majority.

NEW JERSEY.

Jersey City, Nov. 9.—The first returns coming in indicate that the Democrats will carry Jersey City by about 2,800 and the county of Hudson by between 5,000 and 6,000. No Republicans will be elected to any position in the county or city. The Democrats have made a clean sweep. Crane will have very nearly if not more than 6,000 in the county. William H. Daly is elected to congress by probably 4,500. Allan L. McDermott is elected state senator by very nearly as much.

NORTH CAROLINA.

Wilmington, N. C., Nov. 9.—New Hanover believed Democratic by small majority; Democratic gains about 1,000. Richmond 500 to 600, gain 1,500. Democratic state senator in some doubt, but think have elected him. Bellamy elected to congress by large majority; looks like Democratic landslide.

NORTH DAKOTA.

Fargo, N. D., Nov. 9.—Reports from over the state are very meager, but indicate slight Republican gains over 1896. An estimate on the state gives the Republican ticket 4,500 majority.

OHIO.

Cincinnati, Nov. 9.—Congress: First district, William B. Shattuc (Rep.), elected.

Second, Jacob H. Brownell (Rep.), elected.

Fourth, R. B. Gordon (Dem.), elected.

Fifth, David Meckison (Dem.), re-elected.

Sixth, Seth W. Brown (Rep.), re-elected.

Tenth, Stephen R. Morgan (Rep.), elected.

Eleventh, Charles H. Grosvenor (Rep.), re-elected.

Seventeenth, John Anderson McDowell (Dem.), elected.

Ninth, J. H. Southard (Rep.), re-elected.

Fifteenth, H. C. Vanvoorhis (Rep.), elected.

Twelfth, John J. Lentz (Dem.), re-elected.

The total vote of Hamilton county will be about 68,000. The plurality of the Republican state ticket will be very near 12,000. The majority for congressmen in the First and Second districts will be in that proportion. The county Republican ticket is elected by pluralities averaging about 8,000. The lowest candidate being Otto Pfeiffer, for judge of the court of common pleas.

Cuyahoga county will give a Republican plurality of from 10,000 to 15,000. The entire Republican county ticket is elected, with the probable exception of T. D. Brown, candidate for county commissioner, against whom a strong personal fight was made. Hon. T. E. Burton (Rep.) will be returned to congress from the Twenty-first district with a plurality of about 7,000. Judge F. O. Phillips (Rep.) is undoubtedly elected in the Twentieth district by a large plurality.

PENNSYLVANIA.

Philadelphia, Nov. 9.—Because of the large ticket and extensive cutting by independent voters, the returns from Philadelphia and Pennsylvania are slower than usual. Enough is known, however, to indicate that William A. Stone (Rep.) is elected governor by a large plurality.

In the five congressional districts of Philadelphia the present members are all re-elected, as follows: First district, H. H. Bingham (Rep.); Second, Robert Adams, Jr. (Rep.); Third, William McAleer (Dem.); Fourth, James R. Young (Rep.); Fifth, A. C. Harmer (Rep.).

SOUTH CAROLINA.

Columbia, S. C., Nov. 9.—The Democratic state ticket was elected.

Elected to congress: First district, William Elliott; Second, W. J. Talbert; Third, A. C. Latimer; Fourth, Stanyarne Wilson; Fifth, D. E. Fenley; Sixth, James Norton; Seventh, J. W. Stokes; all Democrats.

TENNESSEE.

Nashville, Nov. 9.—Democratic campaign committee claims McMillin's election by 20,000. Vote over the state light, Republican decrease the heaviest.

Eighth district, T. W. Sims (Dem.), elected; Ninth, Rice A. Pierce (Dem.), elected; Sixth, J. W. Gaines (Dem.); Fifth, James D. Richardson (Dem.); Seventh, N. N. Cox (Dem.).

TEXAS.

Waco, Nov. 9.—Congress: Seventh

district, R. L. Henry (Dem.), elected; First, T. H. Ball (Dem.), elected.

Twelfth district, James L. Slayden (Dem.), re-elected by 3,500 plurality.

WEST VIRGINIA.

Wheeling, Nov. 9.—In this county 23 precincts out of 60 give for congress: Dovener (Rep.), 2,713, and Blair (Dem.), 2,070. At the same ratio Dovener will have over 1,000 majority in the county. The entire Republican legislative ticket goes through.

Eleven precincts in the city of Charleston give Johnston (Dem.) for congress 179 majority.

WISCONSIN.

Milwaukee, Nov. 8.—Only 60 precincts have thus far reported, including ten in the city of Milwaukee, which give Scofield (Rep.), for governor, 6,399, and Sawyer (Dem.), 5,502. On these figures Chairman Treat of the Republican state central committee figures that Scofield will carry the state by 40,000 plurality and claiming the legislature will be largely Republican, and at least eight out of ten congressmen will be returned from the Republican ranks. Chairman Peck of the Democratic committee says not enough returns have been received to form any kind of an opinion.

Hamilton County.

Cincinnati, Nov. 9.—Official returns complete of Hamilton county: Total vote, 72,276. Secretary of state, Kinney (Rep.), 42,910; Guthery (Dem.), 29,366; Kinney's majority, 13,544. Congress: First district, Shattuc (Rep.), 20,132; Follett (Dem.), 14,087; Shattuc's majority, 6,045. Second district, Bromwell (Rep.), 22,373; Swain (Dem.), 15,961; Bromwell's majority, 6,412.

Sewall's Message.

Philadelphia, Nov. 8.—United States Senator William J. Sewall telegraphs from Camden at midnight as follows: "New Jersey elects a Republican governor by from 8,000 to 10,000 majority, and a Republican legislature."

ARRIVAL OF PANAMA.

Captain Hanlon Explains How Story of Wreck May Have Arisen.

New York, Nov. 9.—The United States transport Panama, from Santiago and Havana, about whose safety fears were entertained, creating considerable excitement prior to her arrival at Havana, has arrived in quarantine. There are on board about 400 persons, including a number of sick men.

Captain Hanlon was much surprised to learn that any uneasiness had been felt for the ship's safety. He said that shortly after leaving Santiago he ordered the vessel cleaned up between decks. Numerous boxes and other material were thrown overboard and drifted towards shore, and this no doubt gave rise to the report that the transport had been wrecked.

The invalided soldiers belonging to the Fifth United States Infantry, Twenty-third Kansas, Eighth Illinois and Second, Third, Fifth and Ninth Immunes. The Panama also has on board the bodies of Captain W. N. Dickinson and Lieutenant Dennis M. Michle, both of the Seventeenth infantry.

Soldiers Vote.

Camp Meade, Middletown, Pa., Nov. 8.—The four Pennsylvania regiments at Camp Meade began voting at 9 a. m., and at noon the polls closed, all the votes being in. Each company had a polling place and the voting went on rapidly. A judge, two inspectors and two clerks conducted the election for each company.

To Merge Brewery Interests.

Pittsburg, Nov. 9.—Negotiations are in progress for the formation of a corporation, capitalized at about \$20,000, that will take in all the local breweries. The intention of the promoters is to merge the interests of the 16 breweries in Allegheny county and operate them as one company.

No Debate on Fashoda.

Paris, Nov. 9.—The chamber of deputies resumed its sessions with a crowded attendance, in anticipation of a debate on the Fashoda question. But those present were disappointed by M. Brunot announcing that he withdrew his interpellation on the subject.

President Invited.

Springfield, O., Nov. 9.—The Commercial club mailed President McKinley a letter to Canton, asking him to be a guest of honor at the banquet to be given here Thursday night next, in Rear Admiral Miller's honor.

New Manager of Baltimore and Ohio.

Baltimore, Nov. 9.—The announcement that F. Underwood has been appointed to general manager of the Baltimore and Ohio is not confirmed at general offices of the road. Receiver Murray says no one has been selected.

Captured Canton.

Canton, O., Nov. 9.—Republicans carry Canton on head of ticket by 484, a gain of 10 over last year. Republicans elect complete county ticket.

SEARCH FOR DERELICT.

Boats Sent to Search For Ill-Fated Maria Teresa.

STRANDED ON CAT ISLAND.

Navy Department Takes Prompt Action to Recover the Warship Recently Abandoned While En Route to United States.

Washington, Nov. 9.—A message received at the navy department from Captain Crowinshield, chief of navigation bureau, called attention to the report that the Spanish cruiser, Maria Teresa, had been seen off Cat Island.

The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan now at Norfolk, be sent at once to make search for the derelict. The department acted at once upon the suggestion. A telegram was sent the commandant of the Norfolk navy yard directing him to place the Vulcan in command of Captain McCalla, the captain of the yard, and send her with all dispatch to look for the Teresa. A similar order was cabled to Captain Converse at Guantanamo, directing him to send the big wrecking tug Potomac from that place northward on the same quest. She goes in charge of Commander J. E. Craven, and the department believes that she will be in the vicinity of Cat Island within 36 hours. The Vulcan was one of the vessels which was towing the Teresa when she was supposed to have foundered and the department believes that she will reach the scene of the wreck in about 48 hours after leaving Norfolk.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department that if the vessel did not founder outright within a few hours after having been cut adrift, she would almost certainly fetched upon the shoal beach off Cat Island, for the wind and tide set directly on the beach. If so, the location is not much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered with rocks and the wreckers worked at great disadvantage. Captain McCalla was selected for the task because of his great energy and ability for this particular class of work, and the officers declare that if any man can bring the Teresa into port he can.

Relics of the War.

Washington, Nov. 9.—Orders were sent from the navy department to the commander of the Leonidas at Norfolk to bring that vessel to Washington, so that a great quantity of valuable relics of the war and particularly of the naval battle of July 3, may be transferred to the national museum here. The Leonidas has a number of five-inch rifles aboard and all of the ordnance of the Maria Teresa, except the big 11-inch turret guns, which could not be removed without lifting the turrets off the ship. The museum authorities have made arrangements for the display of the relics in an advantageous position.

Evacuating Camp Meade.

Middletown, Pa., Nov. 9.—The Pennsylvania railroad officials are arranging to make a record in the movement of the corps south. Two or three regiments will be sent away daily in addition to wagon trains and equipment of the various headquarters. The men will draw rations the day before they leave and trains will be arranged on the side tracks in the order of battalions so that there shall not be any delay or loss of time in the loading of troops.

Favorable to Camp Meade.

Washington, Nov. 9.—The committee of the war commission which went to Camp Meade to investigate the condition of that camp has prepared a report, to be submitted to the full commission. While the report has not yet been made public, it is understood that it commends the site of the camp as favorable and pronounces the sanitary condition good.

For the Philippines.

San Francisco, Nov. 9.—The United States transport Newport, bearing General Miller and staff, the first battalion of Twentieth Kansas regiment and the Wyoming light battery, sailed for the Philippines. This expedition is the last ordered to the Philippines, and Camp Merriam in this city is a thing of the past.

Washington, Nov. 9.—Commander G. A. Bicknell has been ordered to command the Monocacy at Wosung, China, relieving Commander W. N. Farenholt, ordered home.

Sixth Infantry to Move.

Washington, Nov. 9.—The Sixth infantry, which has been at Fort Thomas, Ky., has been ordered to San Antonio, Tex.

WILLIAM ARMSTRONG COLLINS.
The brief telegraphic announcement of the death of William Armstrong Collins brings to the recollection of our older citizens a period in the history of Maysville when the social life of the city was peculiarly brilliant and attractive—a time prolific of accomplished and captivating men and women. In this early society none occupied a more distinguished position than the family of General Richard Collins—a lawyer of remarkable ability, and a popular orator of singular power and grace. When John Quincy Adams visited Maysville in the "forties," General Collins was the orator unanimously selected to deliver the welcoming address. His sons and daughters fell heir to his mental gifts. The eldest son, John Armstrong Collins, was equally gifted with tongue and pen, and established a reputation at the bar of Louisiana which was scarcely second to that of Prentiss himself. The same brilliancy of intellect was manifested in the younger sons, and in William this manifestation was singularly varied and strong. His career as a journalist in the East, and his contributions to the permanent literature of the period afford ample proof of his versatility and strength. His mother, a highly accomplished woman, was the eldest daughter of John Armstrong, one of those practical, sagacious and large-minded pioneers whose memory is the glory of our county, town and State. The history of his descendants—now embracing a large and influential connexion—furnishes one of the best illustrations of the power of heredity the writer has ever known.

TUESDAY'S VOTE.

Result Throughout Country of Yesterday's Elections.

Kentucky Did Well—Democrats Get House. Returns From Various States.

Democrats gained two and probably three Congressmen in Kentucky. Turner defeated Evans in the Fifth district and Gilbert defeated Davison in the Eighth. Ninth in doubt. Boreing, of the Eleventh, probably only Republican in delegation.

Hobson, Democratic nominee for Judge of Court of Appeals in Third district, has big majority over Jones.

Democrats elected all seven candidates for School Trustee in Louisville.

In New York, Roosevelt proved too much for Tammany, and Croker's organization concedes Van Wyck's defeat.

Returns not conclusive as to the make-up of the next Congress, but indications are that the Republicans have gained a good working majority in the Senate, but have lost their majority of fifty-seven in the House. The returns at present indicate a small majority for the combined Democratic, Populist and silverite vote.

The white-supremacy ticket won at Wilmington, N. C.

McMillin is elected Governor of Tennessee by about 18,000 majority. Eight Democratic and two Republican Congressmen are elected, the only change in the delegation being the election of Snodgrass to succeed McMillin.

Alabama retires the Populist Congressman and returns a solid Democratic delegation.

Incomplete returns indicate the election of the Republican candidate for Governor in Nebraska by a small majority.

Pingree was re-elected Governor of Michigan by a majority estimated at 50,000.

DR. HAROVER continues to improve.

Glorious News

Comes from Dr. D. B. Carzle, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.

MASON'S ALL RIGHT.

Gives Williams a Majority of 333 Over Judge Pugh.

Light Vote Polled by Both Parties—Tabulated Returns From Various Precincts.

Tuesday's election in Mason County was unusually quiet, and passed off without special incident.

The Democrats did well, but they could have done much better if they had just worked a little harder, in some precincts, to get out their full vote.

Republicans, as a rule, showed very little interest. The old-time workers were not at the polls in their usual number.

Contrary to expectations very little money was used in this county, much to the disgust and disappointment of the "floater." A big part of the colored vote was not polled.

Maysville gave Pugh only 23 majority; it was over 150 two years ago.

Complete returns from the county give Williams a majority of 333. Two years ago Col. W. LaRue Thomas carried the county by 154 majority.

Following are the tabulated returns of the vote for Congress:

FREE PIKES AND BONDS.

The Returns Show That Both Propositions Carried—The Vote by Precincts.

The vote on the question of free pikes shows a big majority in favor of the question.

The question of issuing \$60,000 worth of bonds also received the required (two-thirds) majority.

In some precincts the vote against both propositions was very light. The table below shows the vote in detail on both questions:

Why They Cheered.

(Cynthiana Democrat.)

When Congressman Pugh, in his speech Saturday, referred to the fact that a nephew of his was not holding office but was dead, the Republican audience cheered him wildly. Of course no disrespect was meant. The surprise of there being one of the family, dead or alive, who did not hold office carried the hungry Republicans off their feet.

A CLOSE SHAVE.

That's What It Was For Tom Wheeler a Drunken Negro—Second and Market the Scene of a Shooting.

Shortly before 7 o'clock last evening, Tom Wheeler, a drunken negro, was perambulating Market street, seeking for trouble.

Policeman Rosser passed the fellow near Cullen's barber shop, and as he did so Wheeler let out three or four defiant warwhoops.

The officer turned and placed him under arrest. At the Red Corner, as they were on their way to the station house, Mr. Rosser noticed that Wheeler had his hands in his pockets as if searching for a weapon. Stopping and drawing his own pistol the officer ordered Wheeler to take his hands out. The prisoner was defiant and a scuffle ensued, during which Mr. Rosser fired one shot.

The ball tore a hole through Wheeler's clothes just under his left armpit and scorched the skin.

The shot brought Wheeler to his senses, and he was soon landed in jail. The case will be investigated to-day.

Hicks' November Forecast.

Rev. Irl Hicks' forecast for the remainder of November is as follows:

"From 9th to 13th, much unsettled weather and decided, autumnal storms will prevail in most parts of this country. Reaction from cold and anti-storm conditions will set in to the west and run its course eastward, attended by more precipitation, on and about the 16th and 17th. From 20th to 24th falls a regular storm period, with moon at first quarter on the 20th, and on the celestial equator on the 21st. The central days of these disturbances will be about Monday, the 21st, to Wednesday, the 23rd. Immediately behind these storms, and covering the country generally during the days following, look for change to very cold weather. The last storm period weather for November will be central in its results about the 27th, 28th and 29th."

The largest city of the world is London, lying in four counties and having a population of 4,250,000 equaling the combined population of Paris, Berlin, St. Petersburg and Rome. To walk through all the streets, avenues, lanes and alleys of the city, never traversing the same one twice, would require a ten mile walk every day for nine years. The streets, placed in a row would reach around the world, and leave a remnant that would reach from London to San Francisco.

These stylish garments don't stand at "attention" very long. They march on to take their places in wardrobes of tasteful women. An interesting exhibit even if buying is not in thought. Black and colors, \$10.50 to \$18.

FEDORA GLOVES.

In two years the Fedora has become the best known Glove in the United States. But then it is easy to be prominent when alone, and the Fedora is alone in this—it is the only real Kidskin Glove on sale at a dollar in the whole country.

CORSETS AT \$1.50.

If this was a new store we'd ask you to take these \$1.00 Corsets as the measure of the store's goodness—would be willing to risk the store's success on your judgment. What's the crowning goodness? Perfect fit and adaptability to stout figures; rounds out thin ones, too. Flexible stiffenings, reinforced where strain is greatest. You'll never regret the purchase of a "Flexibone." Ask to see it.

PLAIN GOODS FOR TAILORED GOWNS.

If New York were next door and you stepped into the establishment of Wana-maker, Lord & Taylor or Arnold Constable to have a tailored gown built you'd be advised to choose from such fabrics as these: Self finished Diagonal Tweed fifty inches, \$1.50. Wool Bayadere Pique—they call it "Cote de Cheval" in Paris—fifty-four inches, \$1.95. A chevron weave Crepon, forty-six inches, \$1.75.

THERE will be preaching every night this week in the Mayslick Christian Church by the minister, Rev. George P. Taubman. The meeting has been in progress for a week and is gaining in interest. Two candidates were baptized Sunday night. The services begin at 7 o'clock (sun time). Last night's sermon was on the subject, "Man Not Benefited by Rejecting Christ."

LEXINGTON Leader: "Mr. Henry Lloyd, who graduated from Kentucky University class of '93 with high honors, is visiting friends at that institution. In order to get some special work he went to the University at Chicago after leaving Lexington and acquitted himself there with distinction. He later joined the army and spent the summer in Cuba. He has recently gone through a severe illness, but his friends are gratified to know that he has recovered."

On Thursday and Friday night Rev. W. D. Frazee, of Oceanside, Cal., will deliver a free lecture at the Christian Church on the following subject: "The Divinity of the Bible Shown by the Fulfillment of Prophecy According to Infidel Testimony." Rev. Mr. Frazee comes highly commended by the Christian Standard, Christian Evangelist and Gospel Advocate. He is a native of this county and a pioneer minister of the Christian Church, having sat under the preaching of Alexander Campbell and his father, Thomas Campbell. Bring your friends. Everybody invited. Lecture promptly at 7 o'clock.

Tailor-Made Suitings,

50c

By the supreme decree of Dame Fashion, precedence is given to the Tailor-made Suit for this Fall and Winter wear. Heretofore the proper cloths for the nobby "Tailor-made" have been beyond the reach of the popular purse. You'll find here a line of Suitings in all colors, forty-four inches wide and guaranteed all wool at 50c. and 59c. a yard, that are worth fully one-half again as much. It was a special purchase and we'll dispose of 'em at a special bargain price. You had better give 'em a look.

IN DOUBT.

The Congressional Race in This District Very Close.

Judge Pugh Claims His Election—Big Slump in Harrison Democratic Vote—The Latest.

The result of the congressional race in this district is in doubt.

The latest returns are more in Judge Pugh's favor, but they are not complete enough to settle the question beyond all doubt.

When the result in Mason and Boyd counties was ascertained last night the Republicans gave up hope. The increased Democratic majority in Mason and the big Republican slump in Boyd seemed to leave little doubt of Williams' election. But the reports from Harrison put a different coloring to things. It is learned that the Republican "bocle" was most all used in Harrison and Bracken, which accounts for the surprising reports from those sections. So far as heard from the majorities in the various counties are as follows:

FOR WILLIAMS.	
Mason	336
Robertson	149
Harrison	350
Lawrence	135
Nicholas	420
Bath	140
Bracken	235
Total	1,765

FOR PUGH.	
Lewis	830
Greenup	200
Boyd	61
Rowan	141
Fleming	12
Carter	400
Total	1,647

Williams majority 68.

The above figures are not official.

A telegram at 10 a. m. says complete returns from all but Bath and Rowan gives Pugh a majority of thirty-five.

An Important Difference.

To make it apprant to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. HUMAN LIFE

"The Cheapest Thing in Louisville," Says Judge Barker in a Sensational Charge to the Grand Jury.

LOUISVILLE, Ky., November 7.—The most sensational charge ever delivered to a grand jury in Louisville was that of Criminal Judge Barker to the November body convened to-day. It was a terrific arraignment of the city. Among other things the Judge said: "From my own personal observation, I am convinced that human life is the cheapest thing in Louisville. I have figured from the punishments meted out that it is about \$20 per life. Human blood is a drug on the market. The poor wretch who breaks a window and steals bread is given the limit of punishment, but the man who blows off a woman's head or a quack who kills a helpless girl, through a criminal operation, gets off lightly. The people do not seem to care. It is not the fault of the courts or the Prosecuting Attorney. Many times I have left the courtroom, sick at heart, because some wretch, whom I knew to be guilty, had gone unwhipped of justice."

Barker then called attention to the increase of crime and the epidemic which seems to have swept over the city in the past two weeks. He ordered the indictments against gamblers, which were dismissed Saturday on a technicality, to be resubmitted, and stated that he thought there is now no gambling in Louisville. For that which had gone on he blamed not the policemen, but their superiors.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. J. Wood & Son's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

ENCOURAGED

By my large and steadily increasing trade, I have determined to meet, to the fullest extent, all the wants of that trade, and have bought more extensively than ever before and have now in stock and daily arriving, bought from first hands for CASH, at rock-bottom prices, what I have no hesitancy in saying is the largest, cleanest, most complete and attractive stock ever offered to the people of Maysville and vicinity. I wish to call special attention to my immense and superior stock of New Crop Mohasses, Sorghum, Green and Roasted Coffee, Sugars and Teas of all grades, the finest brands of Sugar Cured Hams, Breakfast Bacon, Boneless Shoulders and pure Leaf Lard; the most complete stock of Canned Goods, Catsup and Pickles; the greatest variety of Raisins, Prunes, Currants, Citron, Lemon and Orange Peel, Figs, Dates, Shelled Almonds and every article in that line fresh and new; Maple Sugar and Maple Syrup, Buckwheat Flour, Graham Flour, Rolled Oats, Oatmeal, Wheatlets, Hominy and Cereals of all kinds; Dr. Price's Flavoring Extracts and Fruit Colorings, the purest and best in the world.

My house will be THE HEADQUARTERS for Poultry, Game, Oysters, Celery, Cranberries, Apples, Oranges, Lemons, Bananas, &c.; in fact every article good to eat and of the very best. I allow no one to handle better goods than I do and I cannot and will not be undersold either here or elsewhere.

Remember I still handle "Perfection" Flour, which is the best, and my Superior Blended Coffee has no equal.

For the Holidays I have made larger purchases than ever before of FIREWORKS of all kinds and CANDIES, so keep a lookout for my great Holiday special, which will be a stunner.

I run two wagons regular, and will deliver all goods sold to any part of the city promptly. A street car ticket given with each cash purchase of \$1.00 or over. Don't fail to call for a Picture Card and secure an elegant Picture of any one of your family.

People from the country are invited to make my house headquarters while in our city.

GERMANTOWN.

J. S. Elliott expects to move into his new residence this week.

Messrs. Tucker and Pollock are painting the M. E. Church, South, building.

Miss Dora Renaker is at home from school for a short time, not being well.

Mrs. E. M. Norris was around Monday afternoon bidding her friends a final farewell.

Mrs. Martha Walton has returned from Covington, accompanied by her daughter, Miss Ida, who will spend several weeks at her native home.

In our rounds we found a box of pills recently issued to a patient on which was written, "Take one every other night." If it doesn't spell night, "what does it spell?" The pill driver may be an allopath, a homeopath, hydropath or an osteopath, but he is evidently in the wrong path. "A little knowledge is a dangerous thing."

This big, hearty, healthy man is a continual irritant to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large portion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

A WARM FIGHT

At Washington on the Liquor Question. Vote to Be Taken December 10th.

At all the churches, white and colored, in Washington, temperance sermons were delivered last Sunday, to large and interested congregations.

The effect was a strengthened determination on the part of the people in their opposition to the whisky traffic. A vote will be taken on the question on the 10th of December.

On Sunday evening the citizens gathered in the Methodist Church to listen to an eloquent and logical sermon on temperance from Rev. J. W. Porter, of Maysville. It is needless to say that the effort was grand. We hope to have Brother Porter with us again before the election. He is a power on the right side.

On the day of the election the ladies of the community will be on hand with a plentiful supply of hot coffee. Let every friend of good order be on hand the 10th of December, and the result will be a glorious victory for our firesides and families.

CLARENCE GREATHOUSE.

The Korean King's Chief Counselor Belongs to a Family That Once Lived in This County.

[Exchange.]

Americans who have followed the noteworthy public career of Clarence R. Greathouse will take much interest in the report that he has been dismissed from the service of the King of Korea on the demand of the Russian Minister. His offense was the recruiting of a strong bodyguard for the King from among the foreigners in Shanghai, because the King was afraid to trust his safety with his own people.

Mr. Greathouse is a native of Kentucky, a lawyer by profession, and about fifty-three years of age. For several years he was editor of the San Francisco Examiner, and during President Cleveland's first administration was the United States Consul-General in Tokio, Japan.

After the expiration of his official service in Japan he went to Korea, where he obtained the favor of the King, became head of the Postoffice Department, and during the last five years was, officially, the Counselor to the Korean Minister of Foreign Affairs, and, practically, the confidential adviser of the King of Korea.

Mr. Greathouse is of the family who formerly lived a few miles south of this city, on the Mt. Sterling road.

"SURE THINGS"

Warranted to Pay Big Interest May Be Set Down as Frauds Every Time.

[North American Review.]

I have repeatedly advised my readers that any concern that will guarantee more than the legal rate of interest may be set down as a fraud. Millions of idle capital are seeking investment in New York, at the legal rate of interest, and will pay a bonus to obtain this rate. Much of this capital is invested at only 2 or 3 per cent. interest. It is therefore unnecessary for those who have "sure things" in the investment line to hunt up subscribers. The police of New York have just broken up a gang which has been operating as bankers and brokers, in handsome offices near Wall street, and which has scattered alluring circulars throughout the country, explaining how enormous profits could be made in wheat and stocks, because of the firm's alleged close connection with Armour, Leiter and other famous operators. A real estate speculative branch was connected with this stock-brokerage firm, and it was doing a swimming business when the police stepped in and arrested the entire outfit. So many warnings have been given in reference to the operations of similar schemes that it would seem as if the intelligent public would be thoroughly informed regarding such matters, but it has been well said that "the crop of fools is eternal."

The smallest state in the world is that of Tavolara, an island northwest of Sardinia. This island is three miles long by 2,750 feet wide, and has a population of fifty-five souls. From 1836 to 1882 Tavolara was a monarchy, ruled by Paul I., who, at his death, advised the people to adopt a republican form. The country is now ruled by a President, elected for the term of six years. The women vote as well as the men.

TO GET WATER SUPPLY

The Drink Problem Is Puzzling General Wood.

THREE EXPERT ENGINEERS

Have Been Engaged to Report the Best Method of Giving the City of Santago a Sufficiency of Wholesome Water.

Santiago de Cuba, Nov. 9.—The main question now before General Leonard Wood, governor of the military district of Santiago, is not political. It is the question of water which is a serious problem. The rainy season is about over and usually after a month or so of dry weather water has to be brought from the mountains and sold in the streets.

General Wood is anxious to avoid a repetition of such conditions and has engaged the services of three expert engineers to report as to the best method of supplying the city with water, whether with artesian wells or otherwise.

Matamora, a colonel in the insurgent army and formerly a bandit, recently took to the hills with 20 men and is now carrying on his old vocation, robbing plantations and farms of cattle and horses, holding people up and settling in every way a bad example. General Wood is determined to suppress Matamora, and a part of the gendarmerie is now ready, uniformed and drilled, well mounted and armed, to do the work. Twenty men, under command of a lieutenant, have left for the locality in which Matamora and his companions are operating, with orders to bring them all in, dead or alive.

The general opinion here is that if Matamora is not suppressed he will soon have between one and two hundred recruits, but now that the purpose of the authorities is known it is expected not many will join him.

WHY THEY RECESSED.

American Commissioners Secure an Adjournment For a Day.

Paris, Nov. 9.—The United States peace commissioners had formulated an answer to Spain's voluminous presentation of Friday last, but the work of typewriting this reply was too great to be finished before 2 p. m., the time fixed for the meeting of the joint commissions.

This fact was communicated at noon to the Spaniards, with a request that the meeting occur at 4 p. m. The request, however, was declined by the Spaniards on the ground that they had some other engagements for 4 p. m. Consequently the meeting of the joint commissions was deferred until 2 p. m. Wednesday.

Another Account.

Paris, Nov. 9.—The Spanish-American peace commissioners have notified the minister of foreign affairs, M. Delcasse, that the joint session, which was to have taken place, will not be held, and they will notify the minister when they have determined upon the date of another meeting.

Why William Is Displeased.

Belrut, Syria, Nov. 9.—Emperor William is much displeased over several jarring incidents on his trip to Jerusalem. The reply of the vatican to his notification of rights acquired at Mount Zion is considered extremely curt, while on all important occasions the French consul general attended in order to assert France's guardianship of holy places. Moreover, it appears that the sultan practically took forcible possession of the land he presented to Emperor William, the owner objecting to sell ecclesiastical property.

Echo of the Explosion.

Washington, Nov. 9.—The work of clearing the capitol of the wreckage of Sunday's fire is being carried forward rapidly by a large force of workmen. The heavy stone arch under the file room of the United States supreme court has been settling steadily for the last two days and it was decided to tear it out and rebuild this section.

Sunday, November 13th, Day of Prayer for Young Men—Doings of the Local Association.

Regular monthly meeting of the Board of Directors this evening at 4 o'clock in association parlors. Full attendance is desired.

Mr. G. W. Clymer, Railroad Secretary of Covington, visited the local association Tuesday.

The Religious Work Committee met Monday afternoon and planned for the Sunday meetings for the next four weeks. Sunday, November 13th, the day of prayer for young men of all lands, will be recognized by the local association in a special service for men. Rev. Howard T. Cree, pastor of Christian Church, will be the speaker on this occasion.

Arrangements were also made for a Bible class to meet Thursday evening of each week at 8:15 o'clock. First meeting Thursday evening, November 10th, at which time the course of study will be discussed.

The Anvil Bird.

At dusk in the wilds of the gloomy Brazilian forest you will think it strange to hear the clink of a hammer on an anvil. You would imagine that you were approaching some settlement, and the picture of the ruddy glow of the forge would come up before your eyes.

But if your guide were a native, he would tell you that the sound was made by a campanero, as they call it, although to foreigners it is known as the anvil bird.

This bird is a little larger than a thrush. The plumage is perfectly white, the eyes are a pale gray color, and the naked throat and skin around the eyes are of a fine bright green, while its more northerly relative is orange and black, very much like our oriole.

It is generally in the early part of the day that the campanero sends forth the wonderful note that can be heard at a distance of three miles. Marvellous indeed must be the mechanism of the vocal organs of so small a bird to produce so far-reaching a note, but there is no doubt of the fact, for many travelers have heard the strange sound uttered by the bird when perched on the topmost branch of some withered tree.—Our Animal Friends.

Paper Bags For Travelers.

Comfort in traveling is an important consideration, and the newest idea for a journey is one worth regarding. Dodging railroad cinders and dust is something not to be thought of. When a thoroughly clean railroad trip is possible, the millennium will have arrived, and this period is still, according to all beliefs, a long distance off. But, owing to a simple thought of a practical man, the traveler can now protect his or her hat, which was out of the question before.

A humble paper bag, obtained from the nearest grocer, is the god of the machine. This is folded compactly and stowed away in the pocket (in the hand bag or purse if the traveler is a woman and is pocketless). Before the cars start the bag is opened, the hat placed therein, the bag pinned across its mouth and the whole laid in the rack. Thereafter, until the destination is all but reached, the traveler need have no thought of his headgear, for no dust or cinders can reach it. It will be found in the best of condition upon opening. So simple is this device that it is a wonder it was never thought of before.—New York Herald.

A Dear Little Fellow.

"So you'll bring me home a Noah's ark, won't you, papa?" said a little boy as his parent was leaving for the city. "Yes, Bobby; I promise you." "Mind you don't disappoint the dear boy," added the stout maiden aunt, who was sitting by. "And be sure to have auntie in it, papa." "Have me, dear boy?" "Yes, auntie. Papa said you were an old whincomore before you came down this morning." Papa disappeared abruptly and came home late that evening.

[Furnished by Glover & Duggett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 667 hhds., with receipts for the same period 267 hhds. Sales on our market since January 1st amount to 90,812 hhds. Sales of the crop of 1897 on our market to this date amount to 73,858 hhds.

Up to this date 177 hhds. of new burley have been sold on our market, and of this number 79 hhds. sold at prices ranging from \$6 to \$10 per hundred. At the corresponding date last year, 12 hhds. of new burley had been sold on our market.

The quality of the new burley offered on our market last week did not show any improvement over the offerings of the past two weeks, a good many of the samples showing badly diseased stems and other damage, due to the hot, rainy weather during the curing season. The trade has shown no great anxiety to take these tobaccos, believing that much more merit will appear in later receipts. If this is the case prices will certainly show a decided improvement.

In old burley we have had a fair demand for the common and medium red fillers, when in good condition, such as are selling between \$10 and \$9. The better grades, selling between \$10 and \$15, show no change from last week's prices. The following quotations fairly represent our market for burley tobacco (1897) crop:
